WHO WE ARE:

- **Dr. Philip C. Agrios** is a Business Breakthrough Specialist, a best-selling author, and an international speaker, who has been assisting clients for over three decades to identify hidden, inborn traits that block professional and personal success. He also discovered an antidote, a one-sentence solution, that switches off self-sabotage immediately and greatly improves business and personal performance.
- He specializes in transcending his clients' success through his specialized programs that help influential leaders, effective decision-makers, and high-impact performers transform professional and life challenges into positive learning opportunities.
- He offers one-on-one and group consultations which include profound methods of innovative and transformational techniques, allowing clients to experience more productive strategies with broader breakthrough results.
- Experiencing numerous tragic personal and professional events sparked him on a quest to understand human behavior to its core. While working with thousands of people for over 30 years, he was able to discover a revolutionary way to avoid self-sabotage, be the best version of themselves and win big.
- Dr. Agrios' removes potential roadblocks in 24 hours or less and providing insightful advice enabling his clients to achieve ultimate success - guaranteed.
- His book, *LIFE'S ONE LAW: Nature's Blueprint to Repeatable Success*, provides principles for repeatable success.
